

WILLIAMS SELYEM

2024 Westside Road Neighbors Pinot Noir

WINEMAKER COMMENTS

Red fruits and crushed rocks jump from the glass with the classic aromas of the Westside Road blend. Hints of hazelnut, earth, and sous bois belie the fruit and offer depth and complexity. Sourced from outstanding vineyards, this wine represents this amazing terroir along the rolling hills of Westside Road with elegance and class. Linear and focused in the mouth, the structure and minerals build on the palate with beautifully balanced acidity.

THE VINEYARDS

The Pinot Noir for this blend was sourced from neighboring vineyards along Westside Road: Allen, Bacigalupi, Bucher, Rochioli Riverblock, and our Williams Selyem Estate.

HARVEST 2024

The 2024 growing season had an auspicious start with above average rain totals of nearly 36 inches on Westside Road. Early spring was cool and mild with few frost events, and bud-break started on average. With ample moisture in the soil, shoot growth was even with excellent vigor and balance. Cool weather prevailed and flowering was delayed until late May with excellent fruit set and a bountiful crop. As the season progressed, heat units built up and culminated in early July with temperatures of 103°F for several days, one of the warmest early summer periods in the last 15 years. Developing fruit can be very sensitive to heat, so shade cloth was used where possible to shield the grapes from excess heat damage. Critical thinning passes were made throughout the rest of the season to eliminate damaged fruit, avoiding the early season heat effect of anthocyanin degradation and uneven tannin development. Despite the challenges of the season, this vintage was a huge success due to proper thinning and the gentle extraction techniques built into the Williams Selyem methodology. These wines represent both place and vintage, and with patience will fully express themselves.

TECHNICAL NOTES

Barrel Description: 61% new, 39% 1 yr.

Barrel Aged: 15 months

pH: 3.50

TA: 0.56g/100mL

Alc: 14.2%

Released 2026
